# Between the Trees

Supported using public funding by  
**ARTS COUNCIL  
ENGLAND**

## Performance Details

An enchanting online multi-sensory performance for early years, infants and young people with Profound and Multiple Learning Disabilities and/or Special Educational Needs.

Between the Trees follows four curious woodland pixies exploring their forest home and the creatures they share it with. You will be invited by the pixies to join them in their magical woodland world, experiencing the sights, sounds and smells that surround them everyday!

With Makaton sign, story-telling, singing, music and multi-sensory exploration, this experience brings the forest to life in the classroom!

Once you have been sent the link to the performance you will have unlimited access to it until July 2022!

This project has been supported by Arts Council England National Lottery Project Grants.

## £165 School Ticket

### What your ticket includes:

- Unlimited access to Between the Trees until July 2022.
- A sensory materials guide, corresponding to moments in the performance. This will provide suggestions on how and when to explore and play with the materials.
- A PDF that can be printed out for the nature expedition.

### We recommend:

- Up to 10 participants watching at one time for the most intimate and magical experience.
- We request that the performance is shown in classes and not sent home to parents. (If parents would like to access the performance from home please encourage them to purchase an individual ticket).
