Soon some people will be coming to my school to perform a show called 'Once Upon A Flowerbed'.

They are a theatre company called Moonbeam Theatre.

These are the actors I will see  
in the performance.

In the show they are called  
Lemongrass, Rosemary,  
Mint and Lavender

They will wear colourful costumes.

Mint and Lemongrass will also play musical instruments

There will be a large patch of grass in my school. It will have lots of plant pots and flowers on top.

The show is set in a Garden.

Foxglove will meet me  
by the entrance.

She will be wearing a black top  
and black dungarees.

The actors will welcome  
me into the space.

There will be chairs around the Garden to show me where to sit. I can also sit in my own chair, bed or on the grass.

Wherever I sit, the actors will come and visit me if I want them to.

I will know the show has started when the actors start singing and signing.

In the performance there will be things for me to see, touch, hear smell and taste.

# In Spring

The actors will visit me with large flowers. I can smell and touch them.

## In Summer

Buzzy Bees visit the Garden.  
I can feel and hear them buzz.  
I can taste honey from a Beehive.

## In Autumn

Leaves fall through the air. I can watch, smell and listen to them.

## In Winter

Snow covers the Garden. I can  
feel the soft snowballs.

I can also feel the warmth from  
gloves and listen to the music.

The Actors will speak to me.  
I can communicate with  
them if I want to.

In the performance the  
Actors will sing and dance.  
I can join in if I want to.

The performance will last 30-40 minutes.

The Actors will thank me for joining them in their Garden and say goodbye.

# ONCE UPON A FLOWERBED

## VISUAL TIMELINE
